

Buzzin' in the Hive

FEBRUARY - 2015

From the Principal...

Dear Graden Families:

Sometimes the long cold months of winter bring on the blahs! Not at Graden Elementary! The students and staff continue to be eager and ready to learn each day. We find that the third quarter (January – March) provides us with some of the best learning time of the school year. Students are comfortable with their teachers and the routines and expectations in the classroom. The school day is filled with new learning and challenging curriculum.

Annually, schools across the Northland nominate employees to be recognized in two categories: Excellence in Teaching and Excellence in Service to Education. This year, Graden will recognize two deserving individuals with these nominations. **Mrs. Micaela Emmott, 5th grade teacher**, has been nominated for her Excellence in Teaching and **Miss Colleen Pleiss**, our social worker, has been nominated for Excellence in Service to Education. We look forward to celebrating with them at the Northland Regional Chamber of Commerce banquet in April.

It's that time of the year...Enroll Your Park Hill Kindergartner and Mark Your Calendar, families with children entering Park Hill School District may enroll now by visiting the Graden office between 8 a.m. and 4 p.m., Monday through Friday. **Children who turn five on or before July 31** are eligible for kindergarten for the 2015-2016 school year. Parents will need to bring their children's certified, state-issued birth certificate, immunization records and two proofs of residency to enroll. One proof of residency must be a lease or mortgage agreement. The other should be an original and current gas, electric or water bill that shows the name and address.

Speaking of kindergarten, we have a series of activities planned to help students and families transition to

Graden Elementary. We are looking forward to welcoming our future **kindergarten students and their parents on Monday, February 23**. It is so exciting to see all those smiling faces (parents and students) ready to join the Graden family. Please spread the word to neighbors and friends who have "Future Hornets" who will be attending Graden in the fall. Our first transition activity is scheduled for **Monday, February 23 from 2:00 – 3:00 p.m.**

Spring Portraits are scheduled for **Tuesday, February 3**; students will be taking individual and class portraits during this time. Remember there will be no school on **Monday, February 16** for teacher professional development. With the one inclement weather that has occurred to date, the last day of school will be Tuesday, May 26, barring any additional snow days. The last day of school is a half day for students, dismissal at 11:45 am.

The academic calendar for the 2015-2016 school year has been approved by our Board of Education. The calendar is included in this newsletter as an insert, and is posted on the Graden website. Please use this as a reference when planning vacations for the following school year. We miss out hornets when they are gone. Graden yearbooks are available to purchase, information was sent home the last week in January.

Thank you for working with our staff to ensure that each of our Hornets receives the best possible education. We so appreciate your many volunteer hours and numerous contributions made to our students and staff.

With hornet pride and appreciation,

LuAnn Halverstadt,
Graden Principal

Free Developmental Screenings

*The Park Hill Parents as Teachers will be offering free developmental screenings for children who are six months to five years of age at the Gerner Family Early Education Center the week of **Monday, February 16th through Thursday, February 19th**. If you are interested in having your child screened, please contact Angie Johnston at (816)359-6303 to schedule your appointment.*

The Great Graden Celebration By Kate Eason and Ellie Eason

Gather the balloons and put up the streamers. It's the third quarter and we have celebrated! During our second quarter celebration assembly, our students and staff had so much fun! Almost all students have met their goals and in this assembly we recognized those students with a game and a clap, clap, WOO! We interviewed our 5th grade Speaker Leader host, Sophia Sinitsyna about the assembly. Sophia said, "The students know that if they accomplish more, there will be some kind of celebration or recognition for them. I like it most when they recognize people for something they do or accomplish because the people who get called out get excited and don't go unnoticed." Sophia

loved this assembly and can't wait for another one!

One of our favorite parts of the assembly are the games because of all the encouragement everyone gives to the players. All throughout the events, students used the 7 Habits. Students are proactive during these assemblies by not getting upset when they don't get chosen. All of them Begin With the End in Mind by setting goals so that they can meet those goals and get recognized in one way or another at the assembly. Everyone Puts First Things First while doing these assemblies by doing all of their work first and then celebrating. We Think Win-Win during the assemblies by being quiet so that we can have fun later. They Seek First To Understand by listening but chanting along with them as well when they are supposed to. All students Synergize, especially through the games that we have at the celebration. Last, but certainly not least, we all Sharpen the Saw by celebrating and working hard. Like everyone says, "Work hard, play hard!"

Sophia Sinitsyna

The specials teachers all had a lot of great things to say. Coach Munsterman, our P.E. coach, said, "Every single class used awesome sportsmanship and have met their goals." Also, Mrs. Smith, our music teacher, has told us, "I am very proud of all the classes who have gotten 3's this quarter and also all the students that have had a lot of success in their programs." Finally, Mrs. K, our art teacher, explained, "I am very proud of all of the classes." These things have all motivated us to be better students as we drive closer to being in the next grade. Kudos to everyone who helped set up the assembly. We are all looking forward to seeing the assembly for next quarter. Everyone compliments you for how everything turned out this assembly and excited to see what the games will be next quarter. Maybe next time the person playing the games will be YOU my fellow hornets! The party never ends when we have all of the staff working to make our school a better place.

Recycle Today for a Better Tomorrow

By Alex Bozung and Trenton Ballard

Have you ever wondered what our Hive's Green Leaders do? Well, our team of Green Leaders work with Graden's recycling. Every Friday they try their best to gather all of the classes recycling in

a fast and efficient way. These awesome students and teachers work very hard to keep our building clean. By doing this, they are helping to not only make our school beautiful, but they are also helping by keeping us in a clean and safe environment. This team worked hard to keep our hive organized when we had our recycle bowl in second quarter.

Buzzin' in the Hive interviewed Camryn Cantrell from Mrs. Vernon's 5th grade class and she gave us a little inside look on her opinion about our Green Team. Being a member, she was able to give us a lot of information on the importance of recycling. "The main reason that I applied to be a Green leader is because I enjoy recycling and helping the environment. I think we are doing well on our recycling level, and helping to reduce the amount of trash that leaves our school. Next semester I believe that we should work on allowing other students to hear our message and become part of the Green Team," explained Camryn. As you may have learned, our Green Leaders are a very important crew. If you would like to become a member of the Green Team, choose this leadership role next quarter and you might just be included. These leaders are very devoted students do so much greatness for our Hive! We love our Green leaders!

Graden Art News

Mrs. Kharatyan is looking for more Artsonia volunteers to photograph student artwork. Currently, we only have 1 volunteer & it is difficult to keep up with the vast amount of artwork produced. Volunteers are needed for 1-2 hours per session & ideally can commit to coming at least once a month or more often. If you're interested, please e-mail Mrs. K (KharatyanS@parkhill.k12.mo.us). The Graden Art Fair is **April 22!** All students will have at least 1 piece of artwork in the fair. Your student will receive a note indicating which project(s) he/she will have displayed as the art fair approaches. The Park Hill District Arts Fest will be on **May 2-3** at PHSHS. Participants will be notified in April.

Bus Leaders

By Hayden Flynn and Chris Appel

Have you ever wondered who the students are that greet you when you get on the bus? Or have you wondered who holds up the signs that tell you where your bus is? Those people are bus leaders! They work

hard so you know where you are going. These leaders also make you feel good when you walk on the bus by giving you a friendly hello. There are two parts in being a bus leader, the greeting and the sign holding. Let's talk about the sign holding first. The sign holders are a great help. They let students know if their bus is at school. These bus leaders also help students know where their bus is in line.

The greeters are the best part of your bus ride. They greet you nicely with a welcoming smile on their face. It makes you have a warm feeling inside. Emie Flynn, a 3rd grader in Mrs. Miles' class, says that she likes greeting people better because she gets to see everyone on the bus. But Emie also said that she did not get to spend time with her friend on the bus in the morning. We asked what her favorite part about being a bus leader is and she said, "Getting to know the bus leaders and making new friends." Bus leaders use lots of habits, but the one they use the most is "Seek First to Understand Then to Be Understood." They use that habit to greet students nicely and make sure everything is going well. Bus leaders are very important to Graden. This is a chart of our 3rd Quarter Bus Leaders:

19	Alisa Sinityna (KP) Emma Edwards (3S) Bryan Herrera (4H) Jordan Scott (4M)	64	Aiden Powers (3B) Christian Andrade (4H) Katie Flanagan (4M) Courtney Perrone (5E)
29	Olivia Gaddis (KV) Stella Catlin (1M) Amarra Downing (4A) Garrett Quinn (5V)	93	Jayana Kiki (KB) Elayna Robb (KBw) Trevor Sodders (3B) Seth Thoman (4H)
35	Carson Bjorn (1W) Trevor Jones (2K) Drew Franklin (3M) Raymond Marquez (5V)	94	Aspen Webb (3S) Donovan Turpin (4H) Chasce Lakey (4M) Austin Maddox (5V)
46	Marvin Bradley (KBW) Gia Grosko (1W) Romeo Valentine (2R) Fiona Grosko (5E)	12 8	Seth Irving (KV) Ashlynn Hammler (2OG) Natalie Day (4H) Ethan Irving (4M)
56	Lyvia Topf - King (KP) Hannah Rice (2OG) Greta Bowman (3G) Garrett Betts (3M)		

Graden PTA - February Events

Tuesday, Feb. 10th: Culver's Night 5-8pm. 10% of all sales goes to Graden!! Come see if you know anyone "working."

Tuesday, Feb. 17th: Ice Skating @ Burlington Creek the Sands 5:30-7:30pm. \$6/skater, \$2/skate rental (\$2 comes back to Graden) Come make s'mores at the fire pit! *skate mates available for rent

Friday, Feb. 20th: Muffins With Mom at Graden 7:45-8:35am.

Friday, Feb. 27th: Mercury Gymnastics 6:30-8pm \$6/student (does not have to be a Graden Student) \$1 comes back to Graden!! Parents may sign in children & pick up at 8pm. Children must be able to follow gym rules!!

Martin Luther King Jr. Day

By Jonam Ford

On Martin Luther King Jr. Day we celebrate Dr. King for helping to stop segregation. Here is how the 7 Habits were used during the movement, with some questions answered by Ms. McClung.

Buzzing in the Hive asked Ms. McClung what habit she thought Dr. Martin Luther King Jr. used the most in his lifetime. Ms. McClung replied, "Habit 1: Be Proactive – He didn't feel sorry for himself because segregation was unfair to him and all African-Americans, but rather he took control of what he could, and took action to make change." Another question Buzzing in the Hive asked is: due to recent events of racial tension in the U.S.A what Habit would Martin Luther King wish us to use today? She answered, "Habit 6: Synergize – He would want us all to come together, no matter what color our skin or what our religious beliefs are to work together for a peaceful solution."

We wondered how Dr. Martin Luther King Jr. embraced the 7 Habits in his, "I Have a Dream" speech and according to Ms. McClung he was definitely proactive just by giving the speech. "He was not waiting for someone else to fix things for him, but by doing what he could on his own. He had an end in mind (equality and justice for all), and he laid out a plan (peaceful change). He spoke about how the changes he was calling for would make the world a better place for everyone (win-win). He mentions his understanding that everyone there came from a different circumstance (seek to understand, then be understood). He also called for all humanity to join together in this fight (synergizing). He talks about people being able to sing in joy together and that would be sharpening the saw. So you can find evidence of all 7 Habits in his speech."

As you can see Dr. Martin Luther King Jr. wanted us to use the Habits even though the Habits were not established yet. Also, you know how Martin Luther King Jr. embraced the Habits in his speech. This is Jonam Ford signing off!

Spirit Leaders Pumpin' It Up!

By Avery Guthrie and Celia Cooper

What is the Spirit Leaders role at Graden Elementary? What do they do? Well, we have all the answers to these two questions. Spirit Leaders do so much for our school. They are the ones who make our

assemblies so much fun. Do you want to learn more? Spirit Leaders make up cheers and keep Graden Elementary pumpin' it up! They spend so much time learning and making new cheers and "cheer moves." When you are reading this article thank all these unique Spirit Leaders in our Hive!

If you want to have more spirit, listen to the leaders! We have two Spirit Leaders, Joshua Laudie and Layla Martinez, from Miss Berka's 3rd grade class who are here to answer some questions about the Spirit Leader's jobs. When we asked these two students what their favorite part about being a spirit leader, they replied, "Learning the cheers." The Hive loves the cheers too! When we asked Joshua and Layla what cheer they loved the most, they returned with the answer of, "We like Pump it Up." Finally, we came to our last question, "Has this changed your experience as a leader in our awesome hive and how?" They finally told us, "We didn't know how to do the role and now we do, and we love this role."

As you can see Spirit Leaders are important in our Hive and are so enjoyable to be around because they cheer us up! I think that Spirit Leaders rock, do you think so too? Graden is lucky enough to have these wonderful kids in our school! So, when you come across these astounding leaders you will know how amazing they are. I know that even out of school they will keep our spirits high. We had such an awesome time with these two great Spirit Leaders and we thank them for sharing their spirit with Graden!

Food for Harvesters

By Symiah Bradley and Emma Hernandez

"Feed hungry people today and work to end hunger tomorrow."

Do you know whose mission statement that is? If you guessed Harvesters you're right! Harvesters is an organization that gives people that don't have food, the resources they need. Harvesters is a great program that supplies kids in need with Back Snacks. This is a wonderful program that helps hundreds of hungry families every single week. For the past three years the 4Hs club has been collecting food for Harvesters.

The whole school has pitched in to fill up four barrels. The 4Hs club goal was to beat how many they filled last year. They met their goal and made 1,543 Back Snacks! The 4Hs club went to Harvesters on January 10th. Students watched a video, got a tour, and then spent time filling and assembling Back Snacks. We interviewed 3rd grade teacher Mrs. Garcia and asked her how it felt to be a part of helping Harvesters and she said, "It's a good feeling and nice to know you are making a difference." Way to Synergize Hornets! Thank you 4Hs for taking the time out of your day to help this wonderful organization and making a difference for those in need.

Jimmy John's High Five Club - February Recognition

Reinforcing personal development and leadership - that is what Jimmy John's "High Five" Club is all about. This program was introduced in December 2012 to recognize personal development and leadership. Students who are selected each month will receive a certificate which they can redeem at the Tom Watson Parkway Jimmy John's location in Parkville, Missouri for a free sandwich. A "High Five" handprint with the child's name will be displayed on the wall inside Graden Elementary. At the

end of each month, the High Five Hands are taken down and replaced with the High Five hands honoring students for the next month. The hands are then put up on a special bulletin board at Graden Elementary and remain up until the end of the school year. This list recognizes all students who received High Fives between September and May of the 2014-2015 school year. Please join us in congratulating all of the members of the Jimmy John's High Five Club! Great job students—keep up the good work!

Know Your Body

Students in all physical education classes will be discussing the major bones and muscles in their bodies. At the end of class we will move into a discussion of the human body stating the different areas through a rhyme, while in line. The purpose of this is to give all students an idea of how their bodies work.

Bowling Currently all grade levels are learning the skills of the sport of bowling. Bowling is a great lifelong physical activity that is fun for the whole family.

Ms. Mills' Counseling Connection

Your children and my Big Rock this past month was applying personal safety skills and coping strategies. We watched videos (ask the younger ones about "Super Safety Chick" and "Stranger Safety") and talked about safe and healthy choices and personal safety of self and others. Also during January and February, we are going to tackle interacting with others in ways that respect individual and group differences. In other words, respect for self and others and personal responsibility in relationships. I would like to share Home and School Connection's advice on *after school chats*.

- "What's in your backpack?" Greet your child with this question, and you'll discover a lot about what she does in class.
- Set aside time each day to go through her papers. Try to do it first thing after school when her day is fresh in her mind.
- Look over your youngster's work together. Help her feel proud by making a specific comment about something she's done. For instance, if she shows you a picture she drew in art class, you might say, "The gray sky and big waves look just like our rainy day at the beach."
- Have her talk through math problems or science experiments to show you what she's learned. She might explain how she finds the perimeter of a triangle or why ants dig tunnels, for example.

If I can be of assistance to your family during the school year, please do not hesitate to call. Ms. Mills, Counselor, 359-4342
millsr@parkhill.k12.mo.us

Media Center News: Get Caught Reading!

Parents remind your children in grades 1-5 to participate in the Award Book Reading Program for their grade level. By completing the requirements for their reading program, students may vote for their favorite book on the award nominee list. First graders may participate in THE SHOW ME READERS AWARD PROGRAM, third graders may participate in the KC3 AWARD PROGRAM, and fourth and fifth graders may participate in the MARK TWAIN AWARD PROGRAM. Voting for all programs will take place in March. Students can find the reading list for each program on the home page of the Destiny Online Catalog. Although this is a voluntary program, it provides an opportunity for your child to determine the winning author for a readers award. This is also a great time to be an example for your child and "Get Caught Reading." *Mark your calendar for our next Scholastic Book Fair—April 9, 2015.

Don't forget!
